Solutions

# Company Profile

Fouress has come a long way since establishment, when the world was every bit challenging. Fouress efficient workforce with experience, versatility, innovation and an instinct to be service and customer oriented, with motivation & dedication strives to reach even greater heights of excellence.

Our human resources coupled with modern day infrastructure, can very adequately and satisfactorily provide customers, professional shipping and freight forwarding services in line with major international shipping and freight forwarding operations and NVO chains.

Fouress has the dynamism and team spirit appropriately blended with personalised attention and dedication to deliver under pressing circumstances.

Our commitment to quality, service and technology as we concentrate all our considerable resources helps us to meet the *"bringing the world to your door step"* concept.

The aptitude of our management and marketing team can be assessed by the fact they have had the opportunity to work, service and handle at their erstwhile places of work, multinational lines, feeder operators and freight forwarders, NVO and agency chains to provide both the principles and customers a service anticipated from professionals.

## Philosophy

Since its formation, Fouress has achieved enviable growth. This has been possible owing to hands-on-management and dedication of its workforce. Fouress upgrades quality of service through strenuous and constant effort of its management staff.

Innovation to meet the varied requirements of clients is the hallmark of Fouress. The company can cater for varied clientele because of its vast, relevant and authoritative experience. For every client, Fouress customizes its services to meet specific needs. Priority is given to the best and latest inexpensive option. The success of Fouress can largely be attributed to the savings generated by it, for clients, of the quality of services and personalized minute attention to every detail.

## The Fouress Mission Statement

Fouress believes its business is the identification, recognition and satisfaction of customer's needs.

We identify and adopt clearly focused market-driven strategies, which consistently meet the quality expectations of our customers.

We work with customers as partners, arriving the best solutions, providing a continuous stream of ideas and innovations to make their business operate Efficiently & Profitability thereby, building lasting relationships.

To work with integrity, honesty and commitment, making consistent and fair profits, seeking opportunities for growth.

To create an environment that develops, motivates and rewards all employees.

Proving "**Fouress People Make The Difference**"

# Management Profile

Fouress Shipping Services is headed by Mr.K.S.Suresh who is having rich experience in the shipping industry for over 18 years having worked for major shipping lines like Neddloyed Lines, Contship Container Lines, Lloyd Triestino, CGM, WANHAI and Hoegh Lines as line manager.

Also worked in all the Indian Ports viz., Chennai, Cochin, Mumbai, Kolkata and all the major ICDs in India having through knowledge in ocean freight and air freight.

## Hope & Future

The management's deep insight into economy, the strict adherence of values, understanding of market needs and financial stability and strength enables Fouress to serve the trade and industry ensuring total quality without compromise. The company ardently hopes to be privileged by being able to serve its customers.

We draw on a blend of maritime history and a culture of quality and combine it with modern skills and IT to put together what we believe to be an unbeatable portfolio of services.
